It is the responsibility of each school to decide how to best meet the needs of its students and families.

#### When will I be notified if my student has been awarded assistance?

You will be notified by the school or financial aid program to which you applied. You will not receive results from FAIR.

#### Why am I mailing my application to FAIR?

Your school has contracted with FAIR to process the financial aid applications and provide an objective evaluation of each family's financial need. FAIR is a nationally recognized leader in financial need evaluation services for private and parochial schools.

#### Is my personal financial information shared with any organizations other than FAIR?

All information is held strictly confidential. FAIR will not share or disseminate this information in any way with any other organization except for your student's school.

#### How do I apply?

Application forms, instructions, and mailing envelopes may be obtained from the school where your student(s) attends or will attend. Mail the completed application and any necessary documentation along with a \$25.00 check made payable to FAIR in the envelope provided by the due date on the front of the application.

You may also be able to apply on-line. Check with your school administrator to see if your school offers this option.

#### How do I fill out the application if I am a divorced, separated or single parent?

If the dependents you list in Part II of the application will live primarily with you, then you should complete the application form based on your income and household expenses.

If you have remarried you will need to complete the application and include information about the stepparent's income, expenses, assets, and debt.

#### Who should I list in Part II Dependents?

You should include all dependents currently living with you or for whom you are providing support. This includes older children attending college or any other relatives who are currently living with you to whom you are providing support.

#### I do not have my 2008 Federal Income Tax return available because I have filed for an extension. Will my application still be accepted?

FAIR asks that each family applying for assistance provide their 2008 Federal Income Tax return unless you have filed for an extension. If you have filed for an extension we will need you to provide us with a copy of the extension request, a copy of your 2007 Federal Income Tax return, and copies of your 2008 W-2s.
